

ALIEN LABOR LAWS.

Canada Will Go Slow About Adopting Legislation Against This Country.

OTTAWA, May 15.—The special committee of the House of Commons appointed to deal with the alien labor bills has decided to take no definite action at present, and action will probably be deferred until the next session of Parliament.

Mr. L. H. Davies, Minister of Marine and Fisheries, who is Chairman of the committee, favored legislation applying only to such places as are injuriously affected by the alien labor law. He opposed the idea of an alien labor law made to apply to the frontier between Maine and New Brunswick, as it would mean disaster to the multitudes of Canadians who go each year to work in the forests of Maine.

Mr. Cowen, the Canadian member of one of the bills, told the committee he had reason to believe the United States Government is considering a measure to relieve Canada from the effects of the alien labor law.

The Canadian government has postponed action until the result is known.

The opinion prevails that an alien labor law should be passed applying only to those countries which adopt such legislation against Canada, and the Minister of Marine and Fisheries has offered an amendment to that effect.

MR. BAYARD GETS HOME.

Was Beaten—Not Going to Live Abroad.

Thomas F. Bayard, formerly United States Ambassador to England, arrived yesterday on the American line steamship *Paris* with the log of the Mayflower. After accompanying his wife to the Pennsylvania Railroad station and seeing her off at the Bayard home in Delaware, Mr. Bayard went to the *Paris* Avenue Hotel. He was there to meet the ambassador of Gov. William Bradford to the Governor of Massachusetts at any time when the Governor was ready to receive him. Mr. Bayard had been invited to the *Paris*, but rejected the invitation, stating, "I have been a good citizen of America and England, and I do not want to be seen as if I was a bad and unexpected termination of efforts to promote the friendship of two great nations. Mr. Bayard denounced as absurd the rumor that he intended to take up his residence in England."

steam Yacht Columbia Here.

J. H. Lade's steam yacht Columbia, which has been cruising in southern waters since December, arrived here yesterday and went into dock at the *Empress*. She has visited the Windward Islands, Venezuela, and Florida.
